Dearest Friends,

you made the visit of Ann
+ Serge a very very happy
one. And your getting ~~us~~
together with them was like
we had been there too.

I appreciate very much your
visiting Luis y Anna with
them. I bet that Luis said
many funny things about
working with me... I would
love to hear what he thought
about weaving all those
"Hindenburgs" on Mallikrodt.

Thank you for the print. I feel
the tango in it and I do like
her leg as you knew I would.

All of us here are eager
for your visit - which Serge +
Ann say is a real possibility.

Their house in Woodside, Calif.
is a lovely place to visit -
as is their beach house here...
and our ~~place~~ house has a whole
downstairs ready for you - bath,
kitchen, bed room, etc - Bolina's
looks a little like Zappalar
as we remember it. Please
come on! The six of us will
have one grand time.

I enclose a picture of the
view from our house on a rare
day of snow last month.

Please tell me how Sergio
is, and Pin! The ~~Hogles~~ Hogles
tell me Sergio has had a stroke.

Your daughter is absolutely
beautiful.
