Dear Memesio,

To day that I was a bit unhappy about the lack of communication, would be an understatement.?? I had firmly counted on new canvases from you for the current exhibition. (KITES -----MARINE LANDSCAPE etc) more lyrical and colorful works. I had your assurance but NADA ! WHAT HAPPENED. My poor clients are all impatiently waiting.

Next---the Van Hoeydonck exhibition. It has just opened in Mexico. IF I HEAR FROM YOU BY RETURN MAIL---WITH A FIRM COMMITMENT AND ALL DETAILS TAKEN CARE OF---I might still arrange to have the show sent to you after it closes in Mexico. PLEASE ANSWER.

Waiting for the paintings as well as answers and details about what is happening.

Spent several weeks in California. I could arrange a one man show (Museum) there for you. However I don't dare, without actually having the canvases, after past experiences. If you're interested let me hear your suggestions.

A tres bientot (j'espere)
