Nemesio Antunez
Santiago, Chile

Dear Nemesio,

I suppose by now you have completely settled in the routine of Chilean life once again.

The New York art scene continues to be a hectic one. I have more work than I can properly handle at present, but have finally found someone to help me.

I expected to receive the slides (diapositives) and catalogue from you immediately. Actually I thought you would send them to me before you left New York. WONT YOU PLEASE SEND THEM IMMEDIATELY !!! PAR RETOUR DU COURRIER SI POSSIBLE !!!!! I must send them off together with my notes to Switzerland.

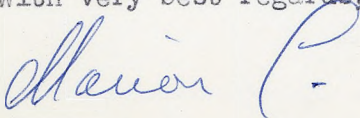

Have tried to reach Catlin, but he was out of town. Who is your successor as cultural attache ? Have called about your painting, but it was still at Kennedy Airport. Should receive it this week.

The New York "Scene" is poorer for your departure. I suppose you enrich Santiago!

Please do send me the necessary photographs (at least 12-15) and let me have de tes nouvelles.

Hope to hear from you soon.

With very best regards,
