Dear Mr. Antunez:

First I want to tell you how much my wife and I have enjoyed your paintings. Secondly I should say that a great many others have shared our enthusiasm for them. We certainly are thankful for having seen your exhibition in Buenos Aires which was one of the highlights of our South American trip last summer.

Do you have any pictures available at present? If so I'd very much appreciate seeing photographs of them, giving sizes, color and prices. We are very interested in getting some more for our collection and I have friends who would also like to see them. One of these days I'd like to publish something on your work in Art in America.

Please remember me to your wife. I look forward to hearing from you and must say again how much we like your work.

Sincerely,

*Lee Ault*

I saw Noguchi the other day - he tells me he used to know you in Paris.
