Mr. Nemesio Antunez  
13 Hyde Park Square  
London, W2, England

Dear Nemesio;

I assume that you received a copy of enclosed letter to the London address before this, but I am sending this along anyway.

Please, if you have not done so by now, forward the check to us immediately!

Now for some good news. The Thomas Messer appointment at the gallery has been improved upon. On October 18th, the Assistant Curator of the Guggenheim, Ms. M. Rowell is coming to the gallery with the acknowledged intent of making the selection of one of your paintings for the Guggenheim collection.

Genesis Galleries shall then correctly, but in good taste, make this happening known to personages of concern and importance to the enhancement of the stature of the art of Nemesio Antunez and sales thereof.

Our best personal regards to you and your family,

Mickey L. Cohen
