Dear Mister Antúnez,

Your exhibition of watercolours at Galerie Dorsch is running as announced from the first of this month to the beginning of December. We already have invited the press, people of public doing and artists, and last not least, people who buy.

It is a very impressing exhibition. I thank you for the chance to make your works acquainted with people in Berlin. An article about this exhibition is written, I hope it will be printed in "Die Frankfurter Rundschau" and in "Das Spandauer Volksblatt". We try to influence tv to make a spot of your pictures. If this would

happen, would it be possible for you to come to Berlin?

To the commercial aspect: seven pictures are sold. The prices (750 - 850 DM) has the people, 40% for Gallery. It runs well.
