Dear Dr. Alexander:

At the time of the visit that we were specially glad to receive from Mr. and Mrs. Jack Duncan, they showed particular interest in a painting of Nemesio Antúnez, " El Estadio Negro", oil on canvas, dated 1977, 146 x 114 cms.

Informative material on this painting was submitted to Mr. Donald B. Goodall, at the time Director of the Huntington Museum, and we understand that the acquisition of this painting had been planned for the first semester of 1978.

As of this date we have received no official communication as to your decision to acquire this painting. We have been glad to hold it up to now, knowing that the artist would be extremely pleased to have such an important work in your collection. Yet we would be glad to receive a final decision on this matter.

The price of the painting was quoted as Bs 15.000.00

Very truly yours,

Clara Diamant Sujo
