Dear Nemesio Antunez,

As the reproduction of your "Los Pobladores" for the cover of Sun's anthology "Bevingade lejon" ("Leones alados") is now made, I hasten to return the dia to you. I hope that you have in good order long ago received the fee for the use of it and I also hope that you have got your copies of her own work, "Ljusets hotell" ("Hotel de Luz") with your "Dormimos en los Andes" on the cover. Of which later book Sun has promised to give you a signed copy as soon as she arrives in Chile this autumn.

With kind regards,

yours sincerely,

Elisabeth Stern

P.S. The Chilean anthology will be published 8th November, and in connection with this date we will send you your copies of this volume as well.
