by Nemesio's death. I hope you

have news. We hope a letter

Guillermina survived that terrible
proof.

Our friend Micheline Viseux tried
to contact the exhibit's director
by fax June 28th 93 but no
answer.

That exhibit is scheduled, for
September 94, at Gonzales center in
Anceip, Paris. They wed an answer
pretty soon on as the director does

not answer can you transfer to the persons
on charge.

Walter has serious health problems
since June he hardly eat his right
