HOW TO USE theARTgallery INDEX

Each gallery in "street scene" has a letter and number after its name. Align the numbered edge of the previous page with the letter at the top and bottom of this page and the gallery will be located in the block containing its given number. **EXAMPLE:** the Metropolitan Museum has the code H 32. Align the previous page's numbered edge with the letter H at both top and bottom of this page—the Museum will be located opposite the block numbered 32.
